

## **JAZZ CLUB**

Jazz Club is a multiple graded stakes winner by Dixieland Band from a superlative female line which traces to La Troienne.

Jazz Club is bred on the exceptionally successful Dixieland Band/Mr. Prospector cross. Since Mr. Prospector appears in the “broodmare sire of the sire” position, it could well pay to cross Jazz Club back over mares by sons and grandsons of Mr. Prospector.

Dixieland Band and his sons have crossed well with mares by a wide range of **Bold Ruler** line horses, with the **Seattle Slew**, **Secretariat**, **Bold Bidder** and **Raja Baba** branches doing particularly well.

The Dixieland Band/Ribot cross has proved to be a powerful one. Look particularly for Ribot through **Hoist the Flag** and the brothers **Graustark** and **His Majesty**.

Certain branches of the male line of **Turn-to** and his son **Hail to Reason** have done well under Dixieland Band and his sons. These include **Roberto** – who has a connection to distaff side of Dixieland Band’s pedigree - **Cyane** (and his son **Smarten**), and **Lord Gaylord** (and his son **Lord Avie**). Turn-to’s relative, My Babu, is broodmare sire of **Damascus**, and the Dixieland Band/Damascus cross has provided two grade one winners.

In addition to these strains, also consider mares descending from **Buckpasser**, **Tentam**, **In Reality**, **Naskra**, **Gallant Man** and **Prince John**.
